The President

DR. JOE J. MICKLE

In the eleven years Dr. Joe J. Mickle has served Centenary College in the capacity of president Centenary has grown scholastically, physically, and spiritually. Dr. Mickle in his tenure has seen added to Centenary the modern Science Building, the Brown Memorial Chapel, The Rotary Hall addition, the T. L. James Dormitory for girls, the Crumley Memorial Terrace, and the Cafeteria as part of the Greater Centenary. In addition he has seen many fine educators join the Centenary community. Always faithfully attending each and every college function it is possible for him to attend, he has seen a spirit grow which his presence has nurtured. It is rare when a school can boast of a man like Dr. Joe J. Mickle at its helm.

THE GULF SOUTH'S

Greatest RESOURCE

Within the next few weeks thousands of young men and young women will go out from the high schools, and from the colleges and universities of the Gulf South with their diplomas . . . evidences of a job well done. In the hands of these young people . . . and others like them everywhere . . . lies the future of our great nation.

Our best wishes go with this year's graduates as they enter new fields of activity and accept their share of the responsibilities of good citizenship that go into the building of a better world for the future.
